RE: **New West Charter School Expansion Project**
Site Address: 1905 S. Armacost Avenue

Dear Councilman Rosendahl,

I am a resident in the West Los Angeles area – Council District 11, as well as a parent at the New West Charter School (“New West”) currently operating at 11625 W. Pico Boulevard in West Los Angeles. As an active member of both the West Los Angeles Community, I am writing in full support of New West’s proposal to relocate and expand to the building located at 1905 S. Armacost Avenue (“project site”) to serve middle school and high school students.

I am aware of New West’s Conditional Use Permit that was approved on December 8th, 2011 at the Los Angeles City Planning Department to locate the school at the project site, and urge your continued support of their relocation and expansion. Not only has New West been a good neighbor for the past 9 years at their current location, but they have played an active role in the West Los Angeles Community by providing a safe, educational environment for their students, parents, and staff. The project site is the perfect location for New West to occupy and would support the school’s operations and the school’s goal to expand their education to more students and grade levels. Most importantly, New West will continue to operate on the project site with the utmost respect and sensitivity to its neighbors. The school strictly enforces their operational rules through “Home-School” Contracts that parents and students are required to sign before admission. Anyone who violates the rules, especially the mandatory carpool program or drop-off and pick-up rules, will risk being expelled.

I strongly urge you to support New West’s relocation and expansion project so that the school can continue to play a vital role in our community and serve the many students in need of independent, charter school education.

Sincerely,
