HYBRID LEARNING SCHOOL

Openings In  
**9th & 10th  
Grade**  
For The 22/23  
School Year

## A Different Kind Of High School Experience!

NWC+ is a new high school program that is part in-person classes held once-a-week, part independent study where students can work from home, our student Lounge, or anywhere a student has an internet connection. By offering a flexible schedule, NWC+ students have more time to follow their passions, take college courses, or work.
