Approved by the New West Charter Governance Council On August 12th 2022

New West Charter School (the “Charter School”) may offer independent study to meet the educational needs of pupils with medical or health needs enrolled in the Charter School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the New West Charter School Board of Directors for implementation at Charter School:

1. For pupils in all grade levels and programs offered by the Charter School, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be fifteen (15) school days.
2. The Principal/Executive Director and/or program leaders shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
 - When any pupil fails to complete three (3) assignments during any period of fifteen (15) school days.
 - In the event a student’s educational progress falls below satisfactory levels as determined by the Charter School’s Student Success Team as defined in the New West Charter Parent and Student Handbook which considers ALL of the following indicators:

- i. The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
- ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
- iii. Learning required concepts, as determined by the supervising teacher.
- iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation

4. For students who participate in independent study for fifteen (15) or more days (where applicable) in a school year, the Charter School has adopted tiered reengagement strategies* for the following pupils:
